

7-Day Typing Starter Plan

A simple one-week path. Build accuracy first, then compare similar typing tests.

DAY	FOCUS	DAILY TASK	MIN	WPM	ACC %	DONE	NOTES
1	Learn finger positions	Locate F and J, practise relaxed home-row posture.				[]	
2	Home-row accuracy	Practise ASDF and JKL; without looking.				[]	
3	Top-row reaches	Add upper-row letters, returning to home row.				[]	
4	Bottom-row reaches	Practise lower-row letters with accuracy.				[]	
5	Words and sentences	Type short words, spaces, capitals and punctuation.				[]	
6	Practise weak keys	Use targeted exercises in Speed Improver.				[]	
7	Retest and review	Repeat Day 1 test settings; compare speed and errors.				[]	

My starting test: WPM % accuracy

Day 7 test: WPM % accuracy

Suggested daily practice: 10–20 minutes. WPM and accuracy are optional unless you completed a test.
